Such other business as, in the opinion of the Chairman, should, by means of special circumstances, be considered as a matter of urgency

The Chairman reported that he had been approached by a resident living opposite Plough House, whose telephone reception was being spoiled by the willow tree. The Clerk would proceed to apply for permission for work to this and other trees as already reported.

Concern was expressed as a result of Selby District Council's having used the Village Green to store building materials. It was considered whether to ask the District Council to remove the Green from its housing register and to reclassify it to their leisure register, in an attempt to further secure its status as a Village Green. Cllr Ms Marshall would bring this to the attention of the Village Hall and Green Management Committee at its next meeting.

Date of Next Meeting

This was already set for Tuesday 14th January 2014.
